Moon Chair

A bold statement, this retro-futuristic chair is like a work of art. With fluid, curving lines - as though carved from a single block.

The design has been finely tuned by ergonomically shaping the seat for maximum comfort. Low and snug, with a well-supported sit.

Made by Tenjam

Tenjam is the official Licensee of the Moon Chair, by Mike To, for exclusive manufacturing and distribution in North, South, and Central America, and the Caribbean.
